

Children aged 4–12 are invited to get messy, explore, and enjoy endless adventures at Olea, our dedicated kids club.

The name Olea is inspired by the olive tree, a timeless symbol of growth, connection, and belonging, a special tribute to the Minnetos family, owners of the resort.

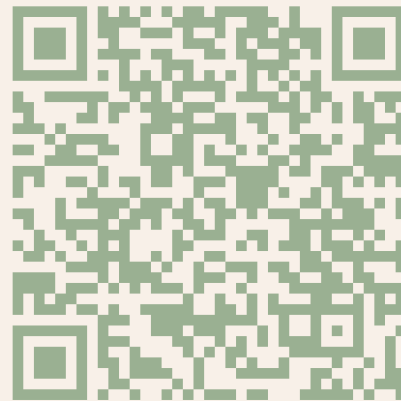

The olive trees found throughout Gennadi Grand are more than 100 years old, originally planted by the Minnetos grandfather. As children, the family spent their days caring for and harvesting olives from these trees. Years later, they were carefully relocated from the village to become the heart of the resort.

Inspired by this deep family heritage, Olea offers a unique kids' club experience: a welcoming home-from-home where children can feel comfortable, confident, and free to explore nature.

Along the way, they'll meet Olive, our friendly club motivator, who brings everyone together for fun-filled adventures and unforgettable memories.

BOOK CHILDCARE
